## SHORT PERSONAL NOTES

Dan Hagaa has returned to Bisbee from Los Angeles.

A. L. Lufevich is back from Montezuma, Mexico, where he went to de-nounce gold claims.

Miss Dorothy Randle is seriously ill at her home with appendicitis. It is hoped that an operation may be averted, though there is yet much uncertainty as to this point.

Mrs. Charles Thomas was reported yesterday as considerably improved, though not yet out of danger.

Miss Lee Callahan is reported seriously ill.

John Westlich, the veteran prospector, is in the city on mining business from the Rincon mountains.

Carl Clausen, the mining engineer, left yesterday on a business trip to the Transvaal and other properties in Sonora.

Chief Engineer Wilson, of the E. P. & S. W., is a visitor in the city, looking after the commencement of work on the depot improvements.

Attorney Ross, of Douglas, was a business visitor in town yesterday.

Landlord Strother, of Cananea Hotel, concluded a couple of days' visit in the city yesterday and returned to Sonora.

Robert Rae, of Phelps-Dodge, was a visitor in town from Douglas yesterday.

Dr. Shine has returned from a visit at El Paso.

Mrs. J. G. Cowan was a visitor at Naco yesterday.

Constable Clark, of Naco, was a visitor in town yesterday on official business.

Dr. D. M. King is reported recovering rapidly at the C. Q. hospital from his recent serious illness. As soon as able he expects to go to his former home in Canada to recuperate.

R. F. Hogan, of Kansas City, a brother of councilman Hogan of this city, has taken an office position with J. E. Thompson Co. Mr. Hogan expects his wife to join him here shortly.

Mr. and Mrs. H. B. Coons left last evening for their home at Utica New York. Mr. Coon is secretary of the Empire State Mining Co. and with Mrs. Coon has wide acquaintances in the city. They expect to return in the fall.

Mrs. Lottie E. Goudy and daughter Miss Marie and Mrs. Allie Nelson and son left last evening for Los Angeles, where they expect to make their future homes. Their departure is a matter of much regret to many friends in this city.

Superintendent Parnal of the C. & A. and Mrs. Parnal, who have been visiting at the coast for the last several days are expected to return to the city on Monday.

H. J. Simmons, general superintendent of the E. P. & S. W., is at present in the east, where he is a delegate to the international convention of railroad men. The convention this year will be held in Washington, D. C.

E. A. Toyra, proprietor of Toyra's market, was a business visitor in Naco yesterday.

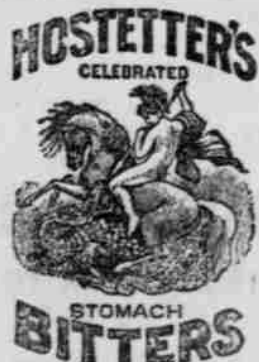

Mrs. H. M. Wood, of this city, was among those who witnessed the shooting at the Douglas depot Tuesday evening. Mrs. Wood arrived at the depot just as the train was coming in, and in her haste to get to the front of the platform was in the midst of the fire before she realized what was going on. With others who were in the center of hostilities, she states that things were exceedingly uncomfortable in the immediate vicinity for a few minutes.

Mrs. Allie Nelson and son, accompanied by Mrs. Gowdy and Miss Mary Gowdy, left last evening for Los Angeles and the California beaches, where they will spend several months.

Rev. C. C. Young, pastor of the Baptist Church, leaves this morning for Tucson. The object of Mr. Young's visit is attendance on the Territorial Convention of the Baptist Church.

Born—To Mr. and Mrs. K. Ross, yesterday, a daughter.

Building to Commence Soon—L. R. Allen, who recently purchased the Odd Fellows' lot in this city, writes his agent, J. E. Thompson, that excavation work for his new building will be commenced as soon as the present tenants on the property find new quarters.

There are hundreds of men and women who have not eaten a hearty meal for years. Their stomachs have "gone back" on them. In such cases the Bitters will be found very helpful. It strengthens the stomach and cures Dyspepsia, Indigestion, Poor Appetite, Bloating, Cramps or Kidney Ills.

## The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

## Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

## PRESSED BRICK OF HOME FACTORY MAKE

DOUGLAS CAST STONE CO. WILL TURN OUT 18,000 A DAY.

When Machinery Recently Ordered Is in Place—Test of Slag for Brick and Cement Purposes Not Finished. New Sand Banks Opened.

A pressed brick factory for the supply of the Zisbee and Douglas markets is proposed by the Douglas Cast Stone Co. The latter expects to have the new department of its works running within three months.

Manager Moore said in this city yesterday that the new plant would have capacity for output of 18,000 brick a day. The materials for manufacture are at hand in abundance, and of the very best quality. For the making of the brick a 200-ton hydraulic plant is to be installed at the factory. This plant has already been ordered.

In regard to recent experiments begun to the end of determining whether the slag dumps of the section might not be profitably used in the manufacture of cement and brick, Mr. Moore stated yesterday that the experiments had not yet proceeded far enough to result in accurate findings. The principal point against slag, he said, that had so far been found was in the matter of its weight, as compared with that of sand. While the latter weighs 96 pounds to the cubic foot the same amount of slag tips the beam at 154 pounds. When cost of transportation is taken into consideration the difference in weight cuts a considerable figure. The company now has a switch into sand banks of unlimited extent up the river from Fairbank, and is getting its supply from there. The quality of the sand is said to be of the best.

We recommend the buying of lots in the Johnson Addition. J. E. Thompson Co.
